

## Bordeaux Blanc Sec Château Saint Florin AOC

### CHATEAU SAINT FLORIN

#### The Producer:

In the heart of the Bordeaux vineyards, the small village of Soussac stands on the slopes of the Butte de Launay, the highest point of the region. That's where that many generations of the Jolivet family have been looking after their vines. In 1981, Mr and Mrs Jolivet took over the 27-hectare of Château Saint Florin. Over the years, they have modernised and extended it, while remaining true to their fundamental principle: working their craft with the greatest care. This dedication means taking personal control over all the different stages, from the vineyard tending to winemaking. Mr and Mme Jolivet make red, white and rosé Bordeaux wines which are truly worthy of the terroir of Bordeaux.

#### Tasting Notes:

- This wine has a beautiful golden straw colour. The nose reveals a bouquet of peaches and blackcurrant cream underlined by floral notes of acacia flower.
- This white Bordeaux offers a multitude of gourmet sensations. On the palate, it is deliciously fleshy, with aromas of crunchy grapes and all the vivacity of the Sauvignon grape variety.
